India.

**ABOUT THE ASSEMBLY**

The International Confederation Of Christian Family Movements (ICCFM) was formed in Caracas, Venezuela in 1966, with the aim of helping its members live their human and Christian vocations and bear witness to the essential values of the family. The mission of the International Confederation of Christian Family Movements is to promote, encourage, and help the Christian Family Movements so that the organizations and their members live their human and Christian vocations and bear witness to the essential values of the family.

Every three years the ICCFM convenes the World Assembly of Families and the General Assembly. The XIth World Assembly Of Families and the XVth General Assembly of the ICCFM is being convened **from 10th September 2010 to 14th September 2010 in India, at Goa.**

The Christian Family today is in a difficult position. Socio economic, demographic and technological changes are having an impact on this institution. In this challenging scenario how does the Christian Family as “the domestic church”, practice and propagate faith, instill morality and influence society is the main focus of the ICCFM. The participation of delegates from all continents provides a forum for an in depth and extensive analysis with practical outcomes.

The conference is ideal for all involved in the Family Ministry, Family Movements, and members of Family cells.
