Official Greeting and Inauguration.

Dear friends and brothers in the Lord:

Receive our greeting and welcome, asking our Lord to allow all of us to live fully as a great family, during these days of work, reflection and togetherness, convinced that we are here not by chance, but because the Lord hopes that each one of us contribute the best of ourselves, so that the objectives of this Assembly will be fulfilled.

Welcome and we declare this great event officially opened. Thank you.

William and Esilda Cheng.
